

The RA2 Tahoe is a freestanding or built-in tub designed for small to medium size bathrooms where space is limited. The low threshold and wide inward swinging door allows easy access for people with various degrees of mobility. The roomy contoured seat allows the user to sit comfortably and safely in a slightly reclined position. Measuring just 26" x 48", the RA2 Tahoe provides a bathing solution for homes with narrow doorways and hallways.

The sleek exterior design of the RA2 Tahoe will give your bathroom an upscale look. Featuring a full range of standard and optional features, the RA2 Tahoe bathtub is designed to enhance your bathing experience.

### CleanRane™ Air Spa System

The CleanRane™ Air Spa System enhances the therapeutic and relaxing effects of bathing and provides a pleasant experience for the resident. Hydromassage provides millions of preheated air bubbles in the water which increases stimulation of peripheral blood circulation, reduces pain and inflammation in the joints, gently massages away dirt, and induces deeper relaxation. The motor is quiet, efficient, and has a ceramic heating element that blows warm air to help maintain the water temperature and warm the surface of the tub.

Warranty: 5 years for external finishes and composite shell, 3 Years on all moving and stationary parts excluding hoses and wands, and *lifetime* on the door seal.
