

## Aegis 4-fold 1/8" (3mm) Tempered Glass Shower Screen for Walk-In Tubs 44"x42"

- **Size:** 44"W x 42"H
- **Available Finish:** Chrome

The brand new four-fold shower screen door just launched by Ella's Bubbles is the most convenient alternative to regular shower curtains specifically designed and sized to fit on walk-in bathtubs in tight alcove opening or corner installs. This Euro-style semi-frameless 4-fold shower screen gives an airy open feeling with the option to push the screen aside quickly and easily. The sturdy construction of 1/8" thick lightweight glass secured in anodized aluminum frames enables smooth door operation with equipped high quality geared hinges strong enough to endure rigorous daily use.

The full-length flexible rubber gasket inserted on the bottom to ensure secure soft closure on the top of the deck and to retain the water back into the tub.

- Tempered clear glass, ionized aluminum frame in chrome finish,
- Durable PVC geared hinges,
- Rubber gasket angled inward for water retention and bottom seal
- Reversible left or right installation option of the door
- Perfect for walk-in bathtubs in alcove or corner installation options
- Rustproof polished ionized aluminum frame in chrome finish
- Horizontal out of plumb adjustment
- Four (4) panels fold from 44" to 12"
